#### About Beaux-Arts Brampton

Beaux Arts Brampton (BAB) operates two attractive galleries in its prime location in the core of Brampton's Historic Downtown right next to the Rose Theatre. We have communal workshop space, offering a wide ranging of workshops for beginners through professionals, in both daytime and evening time slots. The galleries and workshop space are available for rent. Several working artists' studios are located on the second floor.

BAB was incorporated as a visual artist's non-profit co-operative in 2002. It has flourished with the support of the City of Brampton, the Brampton Arts Council and the assistance of the Ontario Trillium Foundation during its founding years.

Our goal is to provide visual artists and artisans with a venue to exhibit and market their work. We provide a place for artists to work and to continue developing their art. It is a place for artists and the public to learn and grow in their knowledge of the visual arts.
